

# Weapon Storage Solutions

*...when it really matters!*

# EXPANDABLE WEAPON RACKS

Specifically designed to be modular and accommodate most small arms requirements. Used in secure areas such as armories and vaults on a small or large scale. This unique system is 84" high (2134mm) and can be configured in a single or double sided manner with weapons being stored vertically or horizontally.

Patent Pending

- Two modular widths of 34" (864mm) & 40" (1016mm)
- Single & double sided solutions
- Stores rifles with attached scopes & accessories
- Optional storage accessories
- Can be secured to the floor and/or wall
- Easily expanded or re-configured
- Can be installed on space saving mobile systems

# STACKABLE WEAPON RACKS

Our modular Stackable Weapon Racks are extremely flexible for small arms storage. Securely store your weapons vertically or horizontally utilizing specific mounting components. Racks can be stacked for efficiency and can be configured and re-configured at any time.

Patent Pending

- Available in two heights - 48" (1219mm) and 64.5" (1638mm)
- Units are 42" wide (1066mm) x 15" deep (381mm)
- Optional Security Gates with ABLOY key lock
- Stores rifles with scopes & accessories
- Racks are stackable
- Complete with 'eyelets' to chain firearms
- Optional storage accessories
- Optional Rapid Deployment bases available
- Can be installed on space saving mobile systems

## Racks can be...

- Stacked
- Secured side to side
- Secured back to back
- Secured to the wall
- Secured to the floor

Optional Carry Handle

64.5"H (1638mm)

48"H (1219mm)

# WEAPON STORAGE CABINETS

Designed for storage of any size rifle, shotgun, handgun or personal defense weapon stored vertically or horizontally. Weapons are secured inside the cabinets with an all steel bi-parting tambour door. Configure your small arms inventory any way you desire for that custom solution.

Patent Pending

- Available in FOUR heights, 60" (1524mm), 64" (1625mm), 72" (1829mm) & 83" (2108mm)
- Optional internal all steel gates
- Horizontal or vertical mounts
- Stores rifles with attached scopes & accessories
- Optional internal security gate with ABLOY key lock
- Cabinets are re-configurable at a moments notice
- Can be installed on space saving mobile systems

60"H (1524mm)

64"H (1625mm)

72"H (1829mm)

83"H (2108mm)

# COMPONENTS

No other small arms cabinet or rack compares to the extreme versatility and flexibility of our unique weapon storage systems. Combine the extensive components and the 'universal gun panel' to achieve your own custom solution. *Patent Pending*

**Barrel Saddle**  
1, 5 & 6 capacity  
5.5" deep (139mm) &  
7.0" deep (178mm)

**Double Wide Barrel Saddle**

**Pad Lockable Barrel Saddle**

**Extended Seismic Barrel Saddle**

**Seismic Barrel Saddle**

**Storage Box**  
3" wide (139mm) &  
6" wide (152mm)

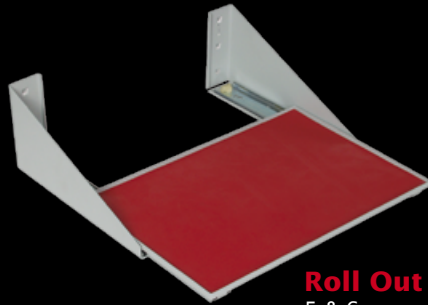

**Horizontal Mount**  
2 & 3 capacity

**Hand Gun Pac**  
6 & 8 capacity

**Flak/Utility Vest Holder**  
3 capacity

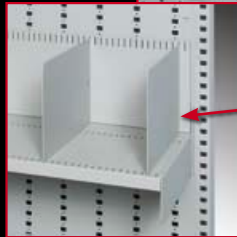

**Roll Out Work Shelf**  
5 & 6 space wide

**Hand Gun Pac with clip storage**  
6 & 8 capacity

**Plain Shelf**

**Optional Back Plate & Dividers**

**Pistol Peg Pac**  
6 capacity

**Stock Shelf**  
1, 5 & 6 capacity

**Optional Stock Stop**

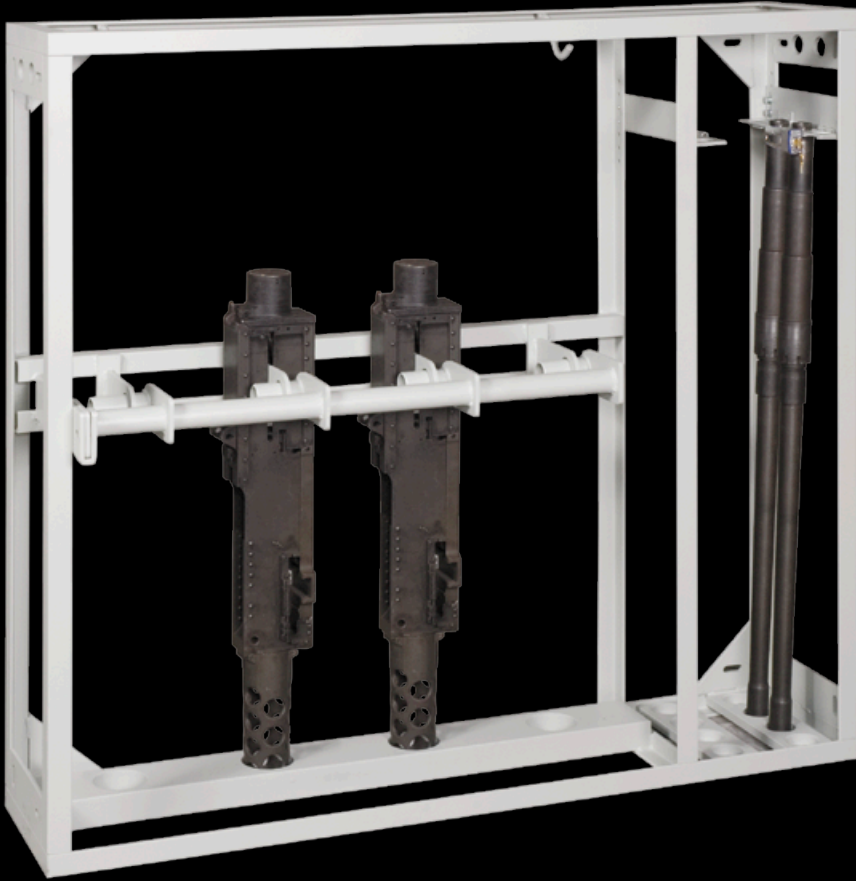

**Stock Saddle**  
1, 5, 6, 10 & 12 capacity

**Offset Pistol Peg Pac**  
11 capacity

# M2 / .50 CAL MACHINE GUN RACK

The M2 Rack is manufactured with heavy gauge steel (280lbs./127kg. empty) and designed to securely store four M2 machine guns and 8 Barrels. Both the barrels and the guns are pad-lockable (padlocks not included).

**54"H (1371mm) x 55"W (1397mm) x 12"D (330mm)**

## Rack can be...

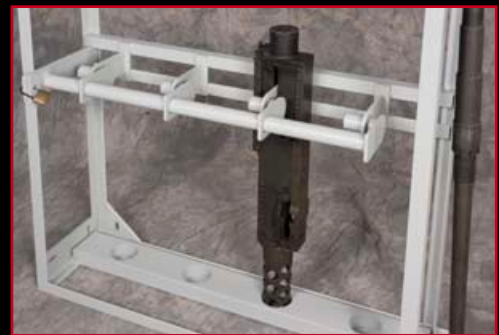

- Secured to the floor
- Secured to the wall
- Secured side to side
- Secured back to back

The barrels are stored vertically in two groups of 4 and padlocked through a steel support plate and steel hinged plate. The lower portion of each barrel is cradled in its own heavy steel support base.

All four M2 guns are locked and unlocked simultaneously with an all steel cylindrical locking bar that slides through the lock paddles. Once the locking bar has been removed there is easy access to the guns as the locking bar is stored on two hooks in the inner top portion of the rack.

Each M2 Machine Gun is secured with a lock paddle that slides through the "action slot" in the M2. In turn, the cylindrical locking bar then slides through the end of each lock paddle and secured with a padlock. (padlock not included)

# WEAPON STORAGE CARTS & CASES

## DDP Mobile Weapon Cart

Our new Mobile Weapon Cart has a capacity of up to 20 Weapons. Complete with 4 heavy-duty rugged casters, steering handles & universal back panels on each side. Customize your cart with stock saddles, barrel saddles or handgun pacs and change the configuration any time you like.... in minutes.
